NO EVIDENCE OF MILITARY BUILD-UP IN AMBON

There presently is no increase in strength or build-up of Indonesian Military forces in the area of Ambon Harbor or in the city of Ambon.

During the last half of January there have been no temporary billeting of combat troops, no special flights of combat military aircraft at the Ambon Commercial Airport, and no amphibious craft observed in the harbor. There is no work being done on lengthening the runway of the air strip at Ambon at the present time.

Eind januari 1961.
